

****COVID edition** WHAT WE INCLUDE IN THE FULL-SIZE TRAILERS!**

In light of the COVID-19 Pandemic, we have made some operational changes. In reference to dishes, we aim to reduce the amount of cleaning our staff is exposed to, and to offer choice and autonomy to our renters. We will be offering 2 different options for dishes. The trailers will be stocked with the list below. We will be removing: Plates, bowls, cutlery, and cups. These will be made available for rent only. This is to ensure that we can adequately take the time to clean the dishes and store them in an enclosed bin to prevent contamination. We do apologize for this inconvenience, but we believe it will lead to safer practice for our campers and less cleaning and exposure to our staff.

Each Trailer is equipped with at least 1 full tank of Propane, and 2 Batteries (either 12 V or 6 V)

In the cupboards you will find:
